

OUR HEAVY-DUTY HORSE AND LIVESTOCK BALE FEEDERS ARE DESIGNED TO HANDLE LARGE SQUARE BALES WHILE STANDING UP TO YEARS OF USE. OUR BIG SQUARE BALE FEEDER IS BUILT TO ACCOMMODATE 3x3x8 AND 4x4x8 SQUARE BALES, FEATURING A PANEL BOTTOM DESIGN THAT HELPS SUPPORT THE BALE AND REDUCE WASTE. EACH UNIT COMES FULLY WELDED WITH CAPPED PIPE ENDS FOR SAFETY, AND IS BUILT WITH A COVERED TOP AND A 7-FT FRONT TO 6-FT REAR LEAN TO PROVIDE WEATHER PROTECTION WHILE ALLOWING LIVESTOCK EASY ACCESS. THE FEEDER CAN ALSO BE FITTED WITH WOOD ALONG THE BOTTOM IF DESIRED, GIVING OWNERS FLEXIBILITY DEPENDING ON THEIR FEEDING STYLE AND LIVESTOCK NEEDS. UNITS COME PAINTED FOR DURABILITY AND CORROSION RESISTANCE, MAKING THEM IDEAL FOR LONG-TERM OUTDOOR USE.

WE ALSO OFFER SLED-STYLE ROUND AND SQUARE BALE FEEDERS THAT ARE EASY TO MOVE AROUND THE PASTURE OR LOT. THESE FEEDERS ARE DESIGNED TO HOLD LARGE ROUND BALES AND ARE BUILT FROM HEAVY WALL PIPE WITH 100% WELDED CONSTRUCTION AND CAPPED ENDS FOR SAFETY AND DURABILITY. OPTIONAL BOTTOMS CAN BE ADDED TO HELP REDUCE FEED SPILL AND WASTE, KEEPING MORE HAY IN FRONT OF YOUR LIVESTOCK INSTEAD OF ON THE GROUND. OUR MOST COMMON SIZES ARE THE 36-INCH UNIT AND THE 48-INCH TALL UNIT, WHICH WORK WELL FOR MOST LIVESTOCK OPERATIONS FROM GOATS TO HORSES TO CATTLE. ALL FEEDERS ARE BUILT TOUGH, PAINT IS OPTIONAL, AND EVERY UNIT IS DESIGNED WITH THE SAME GOAL IN MIND—LONG-LASTING EQUIPMENT THAT MINIMIZES WASTE AND STANDS UP TO REAL RANCH USE.
